HIGH SCHOOL

ADMINISTRATION

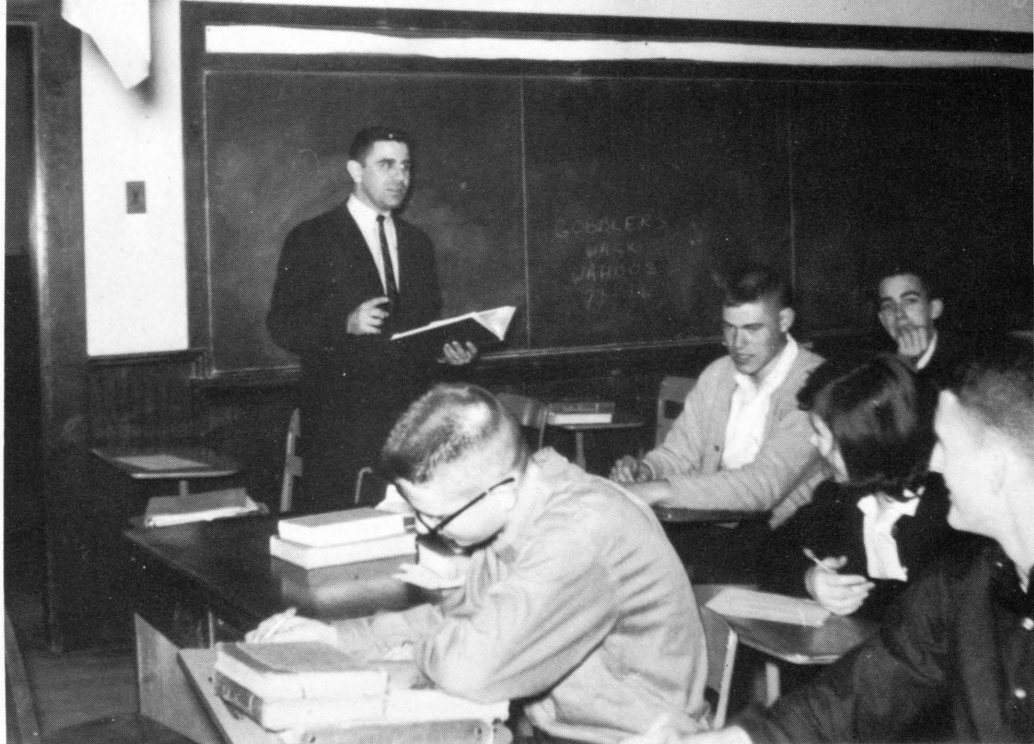

It could be said that you are just one among the procession of New Kent's senior classes, one among 40,000 senior classes graduating this spring in the U. S., therefore I could glibly pass along to you the shibboleths our generation throws at yours. "Grow up," "study," "drive carefully," "choose wisely," "stay out of trouble," and countless more. However, you are not just any senior class in any school, and I refuse to say just "any" thing to you.

You are the senior class of New Kent High School. To your parents, the faculty, your underclassmen, and to ME, you are a very special class; and with you will go our love, our prayers, our hopes, and our promise in the future. Your diploma you have earned, it is no gift, and you have our sincere congratulations on your achievement. We will miss you, but you have left a part of you here. We all do.

Paper and Careers *for the future*

TODAY there are more than 100,000 different uses for paper . . . and the search for new uses never ends. That is why this fast-growing industry is now the fifth largest in the country . . . and why it needs trained researchers and technicians for future growth.

Our company, a pioneer kraft manufacturer, joins with other mills in sponsoring college scholarships in paper technology. It also offers scholarships for study in a subject of the student's choice. For information, write: Public Relations Department —
